
Safety Data Sheet (SDS)

Report No. : AGC02172230501-003

SAMPLE NAME : AIR FRESHERS

MODEL NAME : Duftstäbchen, Duftblocks

APPLICANT : Aresgo GmbH

STANDARD(S) : Please refer to the following page(s).

DATE OF ISSUE : May 22, 2023

Attestation of Global Compliance (Shenzhen) Std & Tech Co., Ltd.

Any report having not been signed by authorized approver, or having been altered without authorization, or having not been stamped by the "Dedicated Testing/Inspection Stamp" is deemed to be invalid. Copying or excerpting portion of, or altering the content of the report is not permitted without the written authorization of AGC. The test results presented in the report apply only to the tested sample. Any objections to report issued by AGC should be submitted to AGC within 15days after the issuance of the test report. Further enquiry of validity or verification of the test report should be addressed to AGC by agc01@agccert.com.

Applicant : Aresgo GmbH
Address : Hilgerstr. 6, 45141 Essen, NRW, Germany

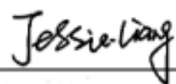

Report on the submitted sample(s) said to be:

Sample Name : AIR FRESHERS
Model Name : Duftstäbchen, Duftblocks

Manufacturers : Aresgo GmbH
Address : Hilgerstr. 6, 45141 Essen, NRW, Germany
Sample Received Date : May 15, 2023
Testing Period : May 15, 2023 to May 22, 2023

Request: As specified by the client, to edit Safety Data Sheet (SDS) for the sample with submitted composition, the contents and formats of the SDS are prepared in accordance with EU regulation (EC) No 1907/2006, (EC) No 1272/2008, (EU) 2020/878 and (EU) 2023/707.

Remark: The Safety Data Sheet (SDS) is prepared based on the information provided by client.

Approved by: 
Liangdan, Jessie.Liang
Technical Director

Section 1: Identification of the substance /mixture and of the company/undertaking

1.1.Product identifier

Product name: AIR FRESHERS
Model: Duftstäbchen, Duftblocks

Nanoform: No information

Other means of identification

Synonyms: No information
Unique formula identifier (UFI): No information

1.2. Relevant identified uses of the substance or mixture and uses advised against:

Recommended Use: Used for purifying the air through put the product into the dust bag of the vacuum cleaner
Uses advised against: No information

1.3. Details of the supplier of the safety data sheet

Company Name: Aresgo GmbH
Company Address: Hilgerstr. 6, 45141 Essen, NRW, Germany

1.4.Emergency

Contact Person: Arne Rehse
Emergency Tel: +49 / (0)201 / 24684-0
Emergency Fax: +49 / (0)201 / 24684-17
Emergency Email: info@aresgo.de

Section 2: Hazards identification

2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008: Not classified

2.2. Label elements:

Labeling according to Regulation (EC) No 1272/2008:

Hazard pictograms: None

Signal word: None

Hazard-determining components of labeling: None

Any report having not been signed by authorized approver, or having been altered without authorization, or having not been stamped by the "Dedicated Testing/Inspection Stamp" is deemed to be invalid. Copying or excerpting portion of, or altering the content of the report is not permitted without the written authorization of AGC. The test results presented in the report apply only to the tested sample. Any objections to report issued by AGC should be submitted to AGC within 15days after the issuance of the test report. Further enquiry of validity or verification of the test report should be addressed to AGC by agc01@agccert.com.

Remark:

CAS: Chemical Abstract Service Registry Number.

EC: European Community (EC) number, the European Union's numerical identifier for substances.

"-": No data available.

Section 4: First-aid measures

4.1. Description of first aid measure

- Skin touch:** Skin contact does not cause discomfort.
- Eyes touch:** Make sure to remove any contact lenses from the eyes before rinsing. Immediately flush with plenty of water or eyewash solution for up to 10 minutes. Get medical attention if any discomfort continues.
- Inhalation:** Move into fresh air and keep at rest. Get medical attention if any discomfort continues.
- Ingestion:** Rinse mouth thoroughly. Drink plenty of water.

4.2. Most important symptoms and effects, both acute and delayed

- General information:** The severity of the symptoms described will vary dependent of the concentration and the length of exposure.
- Inhalation:** No information available.
- Ingestion:** No information available.
- Skin contact:** No information available.
- Eye contact:** No information available.

4.3. Indication of any immediate medical attention and special treatment needed:

No recommendation given, but first aid may still be required in case of accidental exposure, inhalation or ingestion of this chemical. If in doubt, GET MEDICAL ATTENTION PROMPTLY!

Section 5: Fire-fighting measure

5.1. Extinguishing media

Suitable extinguishing media:	Extinguish with water, foam, dry powder, carbon dioxide, and sand.
Unsuitable extinguishing media:	No information available.

5.2. Special hazards arising from the substance or mixture

Hazardous combustion products:	No information available.
Unusual Fire & Explosion Hazards:	No information available.
Specific hazards:	No information available.

5.3. Advice for firefighters

Special Fire Fighting Procedures:	Avoid breathing fire vapours. NOTE! Use air-supplied respirators to protect against gases/fumes.
Protective equipment for fire-fighters:	Wear full protective clothing.

Section 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Use protective gloves, goggles and suitable protective clothing. In case of inadequate ventilation, use respiratory protection.

6.2. Environmental precautions

Do not discharge onto the ground or into water courses. To prevent release, place container with damaged side up. Collect and dispose of spillage as indicated in section 13. Spillages or uncontrolled discharges into watercourses must be IMMEDIATELY alerted to the Environmental Agency or other appropriate regulatory body.

6.3. Methods and material for containment and cleaning up

Stop leak if possible without risk. Wash thoroughly after dealing with a spillage. Absorb in vermiculite, dry sand or earth and place into containers. Containers with collected spillage must be properly labelled with correct contents and hazard symbol. Flush area clean with lots of water.

6.4. Reference to other sections

If appropriate Sections 8 and 13 shall be referred to.

Section 7: Handling and storage

7.1. Handling attention: Supply with natural air exhaust. The operating staff must have received special training and abide by the operating regulations. It is required that the staff wear work clothes and gloves.

7.2. Storage attention: Keep the sample in the cool, dry and well-ventilated place. Keep away from fire and heating sources. Keep separately from oxidizers, no mixing storage. Keep container seal, the storage place should be equipped with suitable shelter materials for divulgence handling.

Section 8: Exposure controls and personal protection

8.1. Control parameters

This product does not contain any hazardous materials with occupational exposure limits established by the specific regulatory bodies.

8.2. Exposure controls

Engineering measures :

Use with local exhaust ventilation. Ensure adequate ventilation, especially in confined areas.

Personal protective equipment:

Eye/face protection: Wear safety glasses with side shields (or goggles) if necessary.

Hand Protection: Wear protective gloves.

Skin and body protection Suitable protective clothing.

Respiratory protection In case of insufficient ventilation, wear suitable respiratory equipment.

Environmental exposure controls

Control measures must comply with environmental regulations.

Section 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state	Cylindrical Solid
Color	No information available
Odor	No information available
Odor Threshold	No information available
Melting point/freezing point	No information available
Boiling point or initial boiling point and boiling range	Not applicable
Evaporation rate	Not applicable
Flammability	No information available
Explosion limits (Do not apply to	

Any report having not been signed by authorized approver, or having been altered without authorization, or having not been stamped by the "Dedicated Testing/Inspection Stamp" is deemed to be invalid. Copying or excerpting portion of, or altering the content of the report is not permitted without the written authorization of AGC. The test results presented in the report apply only to the tested sample. Any objections to report issued by AGC should be submitted to AGC within 15days after the issuance of the test report. Further enquiry of validity or verification of the test report should be addressed to AGC by agc01@agccert.com.

solids)

Lower:	No information available
Upper:	No information available
Flash point	Not applicable
Auto-ignition temperature:	No information available
Decomposition temperature:	No information available
pH	Not applicable
Kinematic viscosity (Liquid)	Not applicable
Solubility	No information available
Partition coefficient n-octanol/water (log value)	No information available
Vapor Pressure	Not applicable
Density and/or relative density	0.994-1.014(20 °C/20 °C)
Relative vapour density	Not applicable
Particle characteristics (Only apply to solids)	No information available

9.2. Other information

9.2.1. Information with regard to physical hazard classes

Explosives	No information available
Flammable gases	Not applicable
Aerosols	Not applicable
Oxidising gases	Not applicable
Gases under pressure	Not applicable
Flammable liquids	Not applicable
Flammable solids	No information available
Self-reactive substances and mixtures	No information available
Pyrophoric liquids	Not applicable
Pyrophoric solids	No information available
Self-heating substances and mixtures	No information available
Substances and mixtures, which emit flammable gases in contact with water	No information available
Oxidising liquids	No information available
Oxidizing solids	No information available
Organic peroxides	No information available
Corrosive to metals	No information available
Desensitised explosives	No information available

9.2.2. Other safety characteristics

Any report having not been signed by authorized approver, or having been altered without authorization, or having not been stamped by the "Dedicated Testing/Inspection Stamp" is deemed to be invalid. Copying or excerpting portion of, or altering the content of the report is not permitted without the written authorization of AGC. The test results presented in the report apply only to the tested sample. Any objections to report issued by AGC should be submitted to AGC within 15days after the issuance of the test report. Section 10: Stability and reactivity

Reactivity:	No information available.
Chemical stability:	Stable under normal conditions.
Possibility of hazardous reactions:	None under normal processing.
Conditions to Avoid:	High temperature, fire source
Incompatible materials:	No information available.
Hazardous decomposition products:	No information available.

Section 11: Toxicological information

acute toxicity:	Based on available data, the classification criteria are not met.
skin irritation/corrosion:	Based on available data, the classification criteria are not met.
eye damage/irritation:	Based on available data, the classification criteria are not met.
respiratory or skin sensitization:	Based on available data, the classification criteria are not met.
reproductive cell mutagenicity:	Based on available data, the classification criteria are not met.
carcinogenicity:	Based on available data, the classification criteria are not met.
reproductive toxicity:	Based on available data, the classification criteria are not met.
specific target organ toxicity — single exposure:	Based on available data, the classification criteria are not met.
specific target organ toxicity — repeated exposure:	Based on available data, the classification criteria are not met.
aspiration hazard:	Based on available data, the classification criteria are not met.
Endocrine disrupting properties:	Based on available data, the classification criteria are not met.

Section 12: Ecological Information

12.1 Toxicity

Aquatic toxicity: No information available.

12.2 Persistence and degradability: No further relevant information available.

12.3 Bioaccumulative potential: No further relevant information available.

12.4 Mobility in soil: No further relevant information available.

12.5 Results of PBT and vPvB assessment

PBT: Not applicable

vPvB: Not applicable

Eco-toxicity: No data available

12.6. Endocrine disrupting properties: No data available

12.6 Other adverse effects: No further relevant information available.

General notes:

Do not allow product to reach ground water, water course or sewage system.

Section 13: Disposal considerations

13.1. Waste treatment methods

Waste from residues/unused products: Do not allow runoff to sewer, waterway or ground. Dispose of waste and residues in accordance with local authority requirements.

Contaminated packaging: Disposal should be in accordance with applicable regional, national and local laws and regulations

Section 14: Transport information

UN number or ID number: No information available.

UN proper shipping name: No information available.

UN Classification [Transport hazard class(es)]: No information available.

Packing group: No information available.

Environmental hazards No information available.

Transport Fashion Air, Sea, Rail

Maritime transport in bulk according to IMO No information available.

instruments :

Special precautions for user: Strictly prohibit put the goods together with alkali, acid, etc. for transport. During transport, the goods should prevent exposure, rain and high
